

RefugeeRISE AmeriCorps Program AmeriCorps Impact Report

As a site, answer each of these sections. This impact report will be turned in twice during the service term. It is designed to give each site a chance to speak about their efforts more than just turning in numbers each month. Please do not use real names of community members or volunteers. Please turn it in as one document, not separate documents per question. Please try to keep this structure and formatting of the document.

Due dates are in mid-March and mid-August each year. Additional copies of this report are located on www.refugeeriseiowa.org/reports.html
