

## RefugeeRISE AmeriCorps Program AmeriCorps Impact Report

As a site answer each of these sections. This impact report will be turned in twice by each site during the service term. It is designed to give each site a chance to speak about their efforts more than just turning in numbers each month. Please do not use real names of community members or volunteers. Please turn it in as one document, not separate documents per question.

Due dates are in mid-March and mid-August each year. Additional copies of this report are located on [www.refugeeriseiowa.org/reports.html](http://www.refugeeriseiowa.org/reports.html)
